

# Journal Publishing Guide: Student Journal Toolkit

---

## Student Journal Toolkit

Student Journal Toolkit (<https://docs.pkp.sfu.ca/student-toolkit/en/>) is a free resource provided by the Public Knowledge Project (PKP). It's meant to help students who are thinking of starting their own journal, or planning on joining a journal for the first time. It provides guidance and resource on:

- New journal planning
- Peer review and editing
- Copyright
- Journal visibility and impact
- ... and more

## Additional resources for student publishers at U of T

- Directory of student journals at U of T ([https://guides.library.utoronto.ca/student\\_journals/journal-directory](https://guides.library.utoronto.ca/student_journals/journal-directory))
- Annual Student Journal Forums ([https://guides.library.utoronto.ca/student\\_journals/events](https://guides.library.utoronto.ca/student_journals/events))
- Preservation and digitization advice for print issues at the University of Toronto Archives and Records Management Services (UTARMS) - contact [utarms@library.utoronto.ca](mailto:utarms@library.utoronto.ca) (<mailto:utarms@library.utoronto.ca>)

## Books and articles

- Hart, D. Alexis. 2012. How to start an undergraduate research journal. Washington, DC: Council on Undergraduate Research. (<http://search.library.utoronto.ca/details?10285129>) Call Number: LB3621 .H37 2012
