

QUESTION PAPER FOR THE

**WRITTEN TEST FOR THE POST OF LIBRARY AND INFORMATION ASSISTANT**

1. Simple programs that extend the functionality of a web browser are known as
  - a. **Browser Extensions or Add-ons**
  - b. Extensible Markup Programs
  - c. Cookies
  - d. Search Engines
  
2. Identify the web server software from among the following
  - a. MySQL
  - b. **Apache**
  - c. Ubuntu
  - d. XML
  
3. Which among the following is NOT a Database Management System
  - a. MySQL
  - b. MariaDB
  - c. ORACLE
  - d. **Perl**
  
4. Debian is a
  - a. Web search engine
  - b. **Linux operating system**
  - c. Website development tool
  - d. Digital repository
  
5. The highest level of the Dspace content hierarchy is known as
  - a. **Collection**
  - b. Community
  - c. Item
  - d. Top level community
  
6. Which is a Content Management System among the following
  - a. KOHA
  - b. **DRUPAL**
  - c. DSPACE
  - d. EPRINTS

7. What is the role of CSS in web design
  - a. Content and structure
  - b. Layout, font and color**
  - c. Data entry
  - d. User login
  
8. What is OpenURL?
  - a. Open source-based URL
  - b. Standardized format for encoding a description of a resource within a Uniform Resource Locator**
  - c. A set of URLs of open access resources
  - d. None of the above
  
9. Identify the Integrated Library Management System from among the following
  - a. JOOMLA
  - b. WORDPRESS
  - c. KOHA**
  - d. DSPACE
  
10. Identify the role with more privilege in DSPACE
  - a. Community administrator
  - b. Repository administrator**
  - c. Collection administrator
  - d. Reviewer
  
11. Name the International standard for searching and retrieving information from a database over Internet
  - a. Z39.50**
  - b. TCP/IP
  - c. ISO ISO/IEC 27000
  - d. None of the above
  
12. What is the purpose of the history folder in a web browser?
  - a. To provide an overview of the previous activities done on the computer
  - b. To view the user send emails
  - c. To view the applications that the user used

- MeghRaj**
  - Digital India
  - National Digital Library
  - eShodhGanga
24. Which among the following is a reference management system
- Turnitin
  - Zotero**
  - Atrium
  - Readerware

25. The Dewey Decimal Classification Number for 'Medicine and Health' is
- a. 510
  - b. 620
  - c. **610**
  - d. 540
26. A virtual machine is used for
- a. **Emulating a computer system to run different operating systems**
  - b. Emulating a real life situation in computer
  - c. Developing virtual reality applications
  - d. All the above
27. Which among the following is NOT an html tag
- a. Head
  - b. Title
  - c. Body
  - d. **Public class**
28. Name the application which is NOT a part of LAMP web development platform
- a. Apache
  - b. Linux
  - c. PHP
  - d. **MS Access**
29. What is Device Manger in Windows Environment
- a. **An application that displays hardware installed on the computer and make adjustments in settings**
  - b. A tool that manages the hard disc space
  - c. An application that displays software installed on the computer and make adjustments
  - d. An application for disk partition
30. Which among the following is a virtualization tool?
- a. VM Ware
  - b. Virtual box
  - c. Hyper-V
  - d. **All the above**

31. Name the protocol used to transfer files between a client and server computer
- Telnet
  - Internet Protocol
  - FTP**
  - None of the above
32. State the function of 'ifconfig' command
- Display the configuration files
  - Open the configuration folder
  - Display the types of files stored in a computer
  - Find IP address of a computer**
33. Name the directory in which the configuration files in linux are stored
- /boot
  - /home
  - /bin
  - /etc**
34. Which among the following is NOT a web browser
- Microsoft Edge
  - Mozilla Firefox
  - Google Chrome
  - McAfee**
35. ISBD stand for
- International Standard Book Description
  - International Standard Bibliographic Description**
  - Indian Standard Book Description
  - None of the above
