Fast-Easy-Extremely Strong

Make your photo albums with difficult media look excellent with TACHO PUR. This little wonder can bind art paper, non tearable sheets, plastic sheets as well as board up to 400 gsm to make a book!. TACHO PUR Perfect Binder ideal for small to medium size runs up to 2000 books per day. Particularly for digital prints! It is the state of the art technology machine to strongly bind variety of substrates through PUR hot melt glue binding. Its unique scrapping device ensure paper edges are roughened and glue applied through 3 roller system to ensure high quality binding. Professional multi-layer glue assembly including reverse rotating smothering roller. Quick speed ensure up to 200 books per hour.

Easy to use control panel ensures quick learning for operator and machine can be operated with ease. The binding process runs fully automatic by simply pressing the "Start & Go" button. No special skilled operator is necessary. A fume exhaust is integrated and can be connected with a flexible hose to any outlet. Book block clamping and cover clamping is operated through air compressor ensures high quality binding. Cover and book thickness adjustments can be done to produce high quality books. The machine gives unique advantage of binding minimum 3 pages to maximum 4 cm thick book.

Product Specifications	
Book Block Size	320x220 (Max.320x300)mm
Cover Size	330x480 (Max.330x680)mm
Book Thickness	2~40 mm
Adhesive(Glue)	PUR Hot Melt
Cycle Speed	200 Cycles/hr
Warm up time	30~40minutes
Machine Weight	320 Kg
Power Consumption	3 Kw
Voltage/Frequency	AC 220V/50Hz
Machine Dimension	1390(L) x 660(W) x 1325(H)mm
