Student Placement

The placement cell of the Institute acts as a liaison between the final year students and the prospective employers. During the reporting year, the Cell publicized the job opportunities for diploma holders, graduates, post graduated and Ph.D holders in the area of Speech-Language Pathology, Audiology and Special Education in India and abroad among the prospective job seekers at the Institute. The Cell also communicated the prospective employers to seek information regarding vacancies and to utilize the services of Placement Cell to recruit. During the reporting year, 50 candidates registered with the Placement Cell for job, and the Cell posted 10 advertisements through email. Also, 25 posts were displayed for M.Sc. Audiology and 25 for M.Sc. SLP.

Journal Club and Clinical Conference

In order to enhance the clinical and research acumen of students, the institute conducts journal clubs and clinical conferences on communication disorders under the guidance and supervision of faculty members. They provide ample opportunities for the students to participate and apply critical analytical skills in both clinical care and research.

Totally, 17 scientific papers published in the international peer-reviewed journals on communication and its disorders, and 14 clinical cases attended at the Institute were discussed during the journal club and clinical conferences held during the reporting year. The details of the journal club papers discussed during the reporting year are given in the table 5.
