The image shows a screenshot of a Google search for 'vitiligo' in a Mozilla Firefox browser. The search results page is annotated with several yellow callout boxes:

- Time it took to generate results:** A large yellow callout box pointing to the search results summary, which states "(0.08 seconds)".
- Definitions:** A yellow callout box pointing to the word "Definition" in the search results summary.
- Limit options for medical searches:** A yellow callout box pointing to the "Refine results for vitiligo:" section, which includes links for "Treatment", "Tests/diagnosis", "For patients", "From medical authority", "Symptoms", "Causes/risk factors", "For health professionals", and "Alternative medicine".
- Number of results:** A yellow callout box pointing to the text "Results 1 - 10 of about 166,000 for vitiligo".
- Pages that are related to this:** A yellow callout box pointing to the "Similar pages" links under the search results, such as "www.niams.nih.gov/hi/topics/vitiligo/vitiligo.htm - 36k - Cached - Similar pages".
- Older version of Web Site:** A yellow callout box pointing to the "Cached" links under the search results, such as "www.vitiligofoundation.org/ - 11k - Cached - Similar pages".

The search results include several sponsored links on the right side, such as "NYC Vitiligo Treatment", "Restore Pigment Naturally", "Amazing Vitiligo Cure", "No More Vitiligo", and "Vitiligo Repigmentation".
