Sub: Creation of promotional avenues for the faculty in the area of
Biostatistics, Special Education, Linguistics & Electronics –
Framing of Recruitment Rules - reg.

Ref: OM No. SH/Dir/55th EC/2014-15 dated 25.11.2014

Assessment Promotion Scheme introduced in September 2004 at the Institute, Coming into force retrospectively from 05.07.2003 provides promotional avenues to the faculty of the Institute. According to the said Scheme, Faculty to become eligible for consideration in addition to completing the residency period of 5 years in the grade the individual has to meet the Qualification, Experience prescribed under Direct Recruitment for the next higher grade.

In the area of Electronics and Special Education, the existing incumbents on completion of five years as Reader will become eligible for considering to promotion for the next higher grade in Professor. But there being no post in the level of Professors under direct recruitment in the respective fields at the Institute, Need to lay down the criteria as regards Qualification and Experience to screen the eligibility of Readers in the above areas on completing 5 years, for considering their eligibility for promotion to the level of Professor, was felt.

After carefully considering the above requirement, the Executive Council of the Institute, to provide for Promotional Avenues for the faculty in the area of Bio-Statistics, Special Education, Linguistics and Electronics has approved the criteria for considering the candidates in these areas under APS to the higher grade of Professor from Reader as in the Annexure.
