Figures

I.1	Facebook status	xxv
2.1	AcademiaMap.com interface	25
2.2	Google+ circles, a feature that allows users to manually organize their contacts into groups	27
2.3	ResearchGate: recommendation page of researchers with similar research	29
2.4	ResearchGate: topic page on Open Source Scientific Software (OSSS)	30
2.5	Academia.edu: profile page	31
2.6	Academia.edu: visitors' statistics dashboard	32
2.7	rDmap for discovering collaborators and potential supervisors	34
3.1	Digital scholarship: be online or be irrelevant	40
3.2	Using hangouts for collaborative writing	44
3.3	Google Docs as a means for team writing, editing and commenting	46
4.1	Timeline of the release of online academic search engines	61
4.2	Web of Science citation report for the paper, As we may think, by Vannevar Bush	63
4.3	Web of Science interactive hyperbolic visualization of the forward and backward citation of a paper by Henry G. Small	64

4.4	Scopus search interface showing searchable metadata fields	66
4.5	Example of a citation analysis in the Google Scholar gadget	69
4.6	Example of a Google Scholar public profile	70
4.7	Display of results of an author search in Academic Search	71
4.8	Academic Search's co-citation, co-author path and citation graph for Henry G. Small	72
4.9	Rich searchable metadata options in Scirus	74
4.10	Scopus bibliometric visualizations: 1) h-index graph of 7 documents with self-citations removed, and 2) the SNIP (contextual citation impact) analysis of four journals	76
4.11	Web of Science options for filtering search results	78
4.12	Results of Web of Science query passed through to Scientific WebPlus	79
5.1	Zotero tag cloud	92
5.2	Zotero's main page	94
5.3	Mendeley's dashboard	96
5.4	CiteULike's portal page	99
5.5	Connotea's library view	100
7.1	Scanning pattern of one-dimensional vs. two-dimensional barcodes	130
7.2	RedLaser QR code scanner in use	134
8.1	Edmodo, a 'social' LMS	149
8.2	Mentoring service for first-year undergraduate students	150
8.3	A new information resource – Wiki: ECM in the cloud	153
8.4	Online presentation and peer evaluation	154
8.5	Elements of a student digital poster in a virtual conference	157
9.1	Search result list for 'Diane Rasmussen Neal' on <i>google.ca</i>	169

9.2	Google Scholar results for ‘Diane Rasmussen Neal’	170
10.1	Top ten social networking sites by market share, August 2011	185
10.2	Instant personalization	186

Tables

3.1	A comparison of web-based collaborative writing tools	45
8.1	List of elements and tools incorporated into a digital poster presentation at a virtual conference	156
