

ON THE COVER

High field magnetic resonance (MR) colonography is a sensitive tool for the detection of polyps in the colon and rectum. MR colonography and colonoscopy have similar levels of diagnostic accuracy for the detection of adenomas ≥ 6 mm. See Graser et al on page 743.

IN MEMORIAM

661 Kenji Fujiwara, MD, PhD
*K. Sugano, D. K. Podolsky, D. A. Brenner,
G. Michalopoulos, and H. Tsukamoto*

COVERING THE COVER

664 A. W. Lowe and R. H. Moseley

PRESS HIGHLIGHTS

G. L. Su and K. Novak
Available online at www.gastrojournal.org

COMMENTARIES

667 Barrett's Esophagus: Evolutionary Insights From Genomics
J. A. Jankowski and J. Satsangi

670 Is It Time to Write a Prescription for Coffee? Coffee and Liver Disease
D. M. Torres and S. A. Harrison

673 Bibliometrics of the Top 100 Clinical Articles in Digestive Disease
D. E. Loomes and S. V. van Zanten

MENTORING, EDUCATION, AND TRAINING CORNER

677 Procedural Competency of Gastroenterology Trainees: From Apprenticeship to Milestones
P. G. Northup, C. K. Argo, A. J. Muir, A. J. DeCross, W. J. Coyle, and A. S. Oxentenko

EDITORIALS

681 Uncovering Hidden Information in Achalasia Using Esophageal Pressure Topography
J. E. Pandolfino

See Rohof WO et al on page 718.

Podcast interview:
www.gastro.org/gastropodcast. Also available on iTunes.

684 The Cheesecake Factory: Lessons for Expanding the Menu for Colorectal Cancer Screening
D. Lieberman

See Graser A et al on page 743.

687 Genomic Decoding of Intrahepatic Cholangiocarcinoma Reveals Therapeutic Opportunities
J. B. Andersen and S. S. Thorgeirsson

See Sia D et al on page 829.

GASTROENTEROLOGY IN MOTION

691 Biologic Tissue Sampling With Untethered Microgrippers
E. Gultepe, S. Yamanaka, K. E. Laflin, S. Kadam, Y. Shim, A. V. Olaru, B. Limketkai, M. A. Khasbab, A. N. Kalloo, D. H. Gracias, and F. M. Selaru

CLINICAL CHALLENGES AND IMAGES IN GI

694 An Unusual Cause of Dysphagia
O. Keskin, A. Erden, and I. Soykan
See page 856 for answers.

695 A Rare but Unique Tumor in the Esophagus
I.-C. Wu, J.-Y. Lee, and C.-C. Wu
See page 856 for answers.

696 An Unusual Case of Chronic Diarrhea
G. G. Konijeti, V. Deshpande, and C. J. Bunker
See page 857 for answers.

Access to the full content of Gastroenterology Online is available to all subscribers!

AGA members have seamless access to full *Gastroenterology* content from the AGA Web site. Simply sign in to <http://www.gastro.org>, visit the Publications section of the Web site, and click on *Gastroenterology*. You will be directed to the Journal Web site and will have full access to all content without having to supply a different username and password. Members can also visit <http://www.gastrojournal.org> directly and click on "Activate Online Access." Nonmember subscribers must create an online user account and activate their subscription to access the full text of articles on *Gastroenterology* Online. To activate your individual online subscription, please visit <http://www.gastrojournal.org> and click on "Activate Online Access." To activate your account,

you will need your subscriber account or member number, which you can find on your mailing label, (AGA members must use their 10-digit member number, including leading zeros). If you have any questions regarding your online subscription please call Elsevier Customer Service at (800) 654-2452.

Institutional access to *Gastroenterology* Online will be allowed only by limited site licensing. Further instructions will be available online. Personal subscriptions to *Gastroenterology* Online are for individual use only and may not be transferred. Use of *Gastroenterology* Online is subject to agreement to the terms and conditions of use as indicated online.
