How to find a source of an image

If you have an image and you're unable to identify details regarding copyright (such as the creator, the title or source), you can try a reverse image search using Google Images to locate the citation and source information for the image.

1. Open <u>Google Images</u> and click on the camera icon.

Google	les		
	0	Ŷ	Q
Click on "Upload an image" and then "Choose File."			
Google			

Search by image	2	×
Search Google with a	n image instead of text. Try dragging an image here.	
Pasta imaga LIPI	Unload on image	
Paste image URL	Upload an image	

3. Locate and the image file and click on Open to upload to Google Images.

4. Google will then search for the image and if found provide a set of results for similar or matched images.
