Publishing with Open Journal Systems (OJS)

This guide provides information about how to set up and manage a journal using the Open Journal Systems software hosted by Dalhousie Libraries.

Getting Started

Setting Up Your Journal

Designing Your Journal

Managing Your Journal

Getting Help

Creative Commons

Sources of Help

PKP OJS User documentation: detailed and illustrated

Video tutorials: coverage of most common situations

PKP School: OJS for Journal Managers: mostly free content with a fee-based certificate option

PKP OJS Technical documentation

PKP OJS Discussion forums: technical focus

Contact the libraries' OJS staff: sharris@dal.ca or gsbrown@dal.ca : if you need help getting started or run into a problem about which you cannot find documentation
